

YOUNG DRIVER SAFETY PROGRAM

Knowing what to do in all kinds of circumstances requires a driver to be educated, informed and practiced. The Young Driver Safety Program is all about being safe and focused when you're behind the wheel.

SAFE DRIVER PLEDGE

YOUNG DRIVER		
Fact	Promise	Initial
Most teens who are killed in car accidents aren't wearing seatbelts.	I will always wear my seatbelt.	
Fatal crashes are more likely to occur for teens when passengers are riding in the vehicle. The risk goes up with every additional passenger.	I will only have one additional passenger in my car, unless approved by my parents	
Per mile driven, the fatal crash rate for teens is about twice as high at night compared to during the day.	I will establish a curfew with my parents before leaving the house.	
Driving while using a cell phone reduces the amount of brain activity associated with driving by 37 percent.	I will never talk or text on my cell phone while driving.	
When excessive speed is a factor, teens have a higher rate of fatal crashes.	I will always obey posted speed limits.	
At all levels of blood alcohol concentration (BaC), the risk of being involved in an accident is higher for teens than older drivers.	I will never drink and drive. if i am unable to drive, I will call my parents for a ride.	
Good grades aren't just important for the future – they can also help save money right now. Ask your Farm Bureau agent about the Good Student Discount.	I will maintain my good Student Discount as outlined on my insurance policy.
